Research Infrastructures and COVID-19 Research

Responses to the questionnaire

CIEMAT-Plataforma Solar de Almeria

Plataforma Solar de Almería (PSA), a dependency of the Centro de Investigaciones Energéticas, Medioambientales y Tecnológicas (CIEMAT), is the largest concentrating solar technology research, development and test center in Europe.

SERVICE/S IMPLEMENTED

The research center accounts with a fully equipped laboratory of water sample analysis, with a microbiology laboratory specialized in water disinfection provided also with DNA analysis by PCR Real time. At this moment, the center is not operating but it will do it in a short notice.

What stage in COVID-19 intervention your RI is addressing?

CIEMAT-PSA is not operating at this moment.

Instruments/databases involved:

A full equipped microbiological laboratory for water sample analysis, including a PCR real time.

How is the proposal submitted?

Any proposal has been submitted at the present.

Who evaluates the proposal?

No evaluation.

Is the submission continuous, or linked to a deadline?

Any proposal has been submitted at the present.

What is the estimated time from the submission to the access / service provision?

Any proposal has been submitted at the present.

CHARACTERISTICS OF THE ACCESS

Restrictions: NO

Research Infrastructures and COVID-19 Research

ACCELERATE is funded by the European Union Framework Programme for Research and Innovation Horizon 2020, under grant agreement 731112

In the case of analytical facilities, modality of access allowed: Remote access only

Comment for remote access only: No remotely handle is available for the devices of water sample analysis.

If on-site access is allowed, is mobility support available?	
Is the access free for non-proprietary research?	NO
Is commercial access available at reduced prices?	NO
Are there limitations regarding the type of samples?	YES
Are there special requirements for shipment of the samples?	YES
Are there specific requirements regarding the preparation or handling of the samples?	YES

Additional comments related to the questions above: The maximum biosafety level allowed at CIEMAT-PSA is 2.

ACCESSIBILITY OF THE PUBLICATION AND DATA

Is there any requirement to publish in open access journals?	NO
Is the data generated associated to metadata and is it publicly available?	NO
If yes, what is the embargo period?	
Where is the data or metadata published? (e.g. in the institution's catalogue, in other open data repositories, etc).	The data generated in our institution are public, and they can be published on scientific journals, open data repositories, etc.
Do you have further comments about data or metadata?
