Research Infrastructures and COVID-19 Research

Responses to the questionnaire

MAX IV Laboratory

Synchrotron radiation user facility in Sweden.

SERVICE/S IMPLEMENTED

MAX IV Laboratory offers rapid access for groups who require instrument time for projects directly related to SARS-CoV-2 viral proteins such as Covid-19 related enzyme targets, membrane receptor complexes, antibody complexes etc. (i.e. non-infectious samples).

What stage in COVID-19 intervention your RI is addressing?

basic virus function/immune response

Instruments/databases involved:

all beamlines/instruments with focus on macromolecular crystallography

How is the proposal submitted?

by email, details see: <https://www.maxiv.lu.se/news/rapid-access-call-for-proposals-sars-cov-2-and-urgent-e-g-health-related-research/>

Who evaluates the proposal?

facility involving a peer review panel

Is the submission continuous, or linked to a deadline?

continuous

What is the estimated time from the submission to the access / service provision?

days

CHARACTERISTICS OF THE ACCESS

Restrictions: no restriction, access granted on science excellence base

Research Infrastructures and COVID-19 Research

ACCELERATE is funded by the European Union Framework Programme for Research and Innovation Horizon 2020, under grant agreement 731112

In the case of analytical facilities, modality of access allowed: Remote and on-site access

Comment for remote access only: Due to current travel / visit restrictions, remote access is preferred / only possible option dependent on origin of researchers

| | |
|---|-----|
| If on-site access is allowed, is mobility support available? | NO |
| Is the access free for non-proprietary research? | YES |
| Is commercial access available at reduced prices? | NO |
| Are there limitations regarding the type of samples? | YES |
| Are there special requirements for shipment of the samples? | NO |
| Are there specific requirements regarding the preparation or handling of the samples? | NO |

Additional comments related to the questions above: Industry access is provided on usual terms, only non-infectious samples, standard sample handling and shipping

ACCESSIBILITY OF THE PUBLICATION AND DATA

| | |
|---|---|
| Is there any requirement to publish in open access journals? | YES |
| Is the data generated associated to metadata and is it publicly available? | YES |
| If yes, what is the embargo period? | Data / publishing requirements as per user home institution, open access preferred. |
| Where is the data or metadata published? (e.g. in the institution's catalogue, in other open data repositories, etc). | Data / publishing requirements as per user home institution, open access preferred. Data / publishing requirements as per user home institution, open access preferred. |
| Do you have further comments about data or metadata? | |
